

Dear Sir/Madam

**RE: APPLICATION FOR A WEB AND UX DESIGNER POSITION**

I am John Kahenya, being passionate with graphic design I work easily with graphic design software (Adobe Photoshop, Adobe Illustrator and Adobe XD) and Web development technologies ( Laravel , Express , Wordpress , HTML & CSS ). I have a portfolio of various works I have done which I have posted on my personal website ( <https://kahenyaa.netlify.app> ) and instagram ( <https://instagram.com/kahenyaa> ) and for the source code you can go to my Github account ( <https://github.com/kahenyaa> )

I believe I have the qualifications and ability to perform as per the requirements in your media department and I am sure I would easily adapt to your organizations work structure and perform as in required of me.

I am a team player,dedicated to team work, able to assume multiple responsibilities and remain productive. I am highly motivated, dependable troubleshooter and problem solver. I have the ability to maintain professionalism and composure and lastly I am a committed Christian, well-organized, accurate and detail-oriented.

I hope to hear from you.  
Thank you in advance.

Yours sincerely,  
John Kahenya
